Annual Report of Vivekanand Mahavidyalaya

It is with great pride that I present the annual report for the academic year 2023-2024. Our college commenced its academic session in June 2023, marking the beginning of another year of growth and achievement.

One of the primary focuses during the year was the counselling of students, which played a crucial role in guiding them through the admission process and the induction program. These activities helped our students settle into their academic journey seamlessly.

Throughout the year, we celebrated several commemorative days, such as Hindi Diwas and Yoga Day, which fostered a sense of cultural awareness and unity among students. Additionally, we organized several awareness programs on vital issues, including drug abuse, the vision of a "Viksit Bharat by 2047," and the historic Chandrayaan mission, to inspire responsible citizenship and national pride.

Our college also took significant steps to promote entrepreneurship, with students participating in educational visits to CIPET and a carpet farming site, providing them with hands-on experience in industrial and agricultural sectors.

In the realm of extracurricular activities, we organized vibrant events such as V-FIESTA, the Annual Function, and Annual Sports, all of which were met with great enthusiasm and participation, ensuring a healthy balance between academics and recreation.

We are immensely proud of our academic achievers this year, with 10 students securing university ranks across various courses, which stand as a testament to the hard work and dedication of our students and faculty alike. Moreover, our star athletes have excelled in sports, making us proud with their remarkable performances in cricket and weightlifting.

The year has been one of remarkable achievements, both in academics and extracurricular, and we look forward to continuing this journey of excellence in the years to come.
