सुपोषण कार्यक्रम का प्रतिवेदन

संस्कृति और संस्कार का धनी हमारा देश भारत विकास के पथ पर निरंतर अग्रसर है। अन्य विकासशील देशों की भांति हमारे देश में गरीबों, बेरोजगारी, अशिक्षा, आतंकवाद आदि समस्याओं के साथ-साथ नन्हें बच्चों में कुपोषण एक बड़ी समस्या है। जिस पर अन्य समस्याओं की अपेक्षा हमारा ध्यान उतना नहीं जाता है, संतुलित आहार समय पर नहीं ले पाने के कारण कुपोषण होता है। जैसा कि सर्वविदित है कि कुपोषण के कारण शरीर में रोग प्रतिरोधक क्षमता कम हो जाती है जिससे कई प्रकार की शारिरिक व मानसिक समस्या उत्पन्न होती है। विश्व स्वास्थ्य संगठन के अनुसार विश्व में 462 मिलियन लोग कुपोषण के शिकारी है विश्व भूखमरी सूचकांक 2019 में भारत 117 देशों की सूची में 102 वें स्थान पर था एवं 2020 में भारत 107 वें देशों में से 94 स्थान पर था। इस समस्या से निजात पाने के लिए सरकार प्रयत्नरत है। देश के नागरिक होने के नाते इस समस्या के समाधान के लिए हमे भी प्रयास करना चाहिए। इस बात को ध्यान में रखते हुए हमारे महाविद्यालय ने रायपुर से लगभग 15 कि.मी. दूर ग्राम कुगदा, कुम्हारी, दुर्ग (छ.ग.) में आंगनबाड़ी केन्द्र क्रमांक-103 में दिनांक 17/03/2021 को सुपोषण कार्यक्रम का आयोजन किया गया।

“पोषण जागरूकता कार्यक्रम - 2020-21”

सुपोषण कार्यक्रम का विवरण

मुख्य अतिथि नगर पालिका अध्यक्ष श्री राजेश्वर सोनकर ने अपना परिचय देते कार्यक्रम का शुभारंभ किया तत्पश्चात अतिथियों द्वारा इस संबंध में किए गए कार्यों का विवरण दिया गया। परिचय की इस कड़ी में सभी प्राध्यापकों द्वारा अपना परिचय दिया गया। वरिष्ठ प्राध्यापक डॉ. अशोक कुमार झा ने मुख्य अतिथि जी का पुष्पगुच्छ से स्वागत किया। महिला प्राध्यापकों द्वारा आंगनबाड़ी कार्यकर्ताओं का पुष्पगुच्छ से स्वागत किया गया।

" नगर पालिका अध्यक्ष श्री राजेश्वर सोनकर सुपोषण पर विचार व्यक्त करते हुए "

" डा. अशोक झा द्वारा श्री राजेश्वर शीतकर का सम्मान "

" शिल्पा लुनावत टॉक द्वारा आंगनबाड़ी पर्यवेक्षक का सम्मान "

" सुपोषण पर विचार शमागम "

विचार समागम

मुख्य अतिथि ने सुपोषण की महत्ता पर जोर देते हुए हमारे कुछ गलत व्यवहारों की ओर ध्यान आकर्षित किया जो कुपोषण का एक बड़ा कारण है। कार्यक्रम के अध्यक्ष ने सुपोषण के लिए किए जा रहे कार्यों का विवरण दिया। कार्यक्रम में नीचे उल्लेखित आंगनबाड़ी कार्यकर्ता उपस्थित रहे:-

1. श्रीमती संध्या भजगवाली
2. श्रीमती ज्योति यादव
3. श्रीमती भुनेश्वरी ध्रुव
4. श्रीमती रेखा शुक्ला
5. श्रीमती उर्वशी कौशल
6. श्रीमती मेनका साहू
7. श्रीमती प्रमिला मारकण्डेय
8. श्रीमती नीलम
9. श्रीमती नीता जोशी
10. श्रीमती दिनेश्वरी मानकपुरी

कार्यक्रम का संचालन डॉ. सुशांत चक्रवर्ती, धन्यवाद ज्ञापन प्रो. शिल्पा लुनावत टोंक द्वारा किया गया। सुपोषण कार्यक्रम के तहत विवेकानंद महाविद्यालय द्वारा पोषित आहारों का वितरण उपस्थित बच्चों एवं गर्भवती महिलाओं में किया गया।

BEST PRACTICES

Title of the practice:-"Aiming Rural Awareness"

Objectives of the practice:-

- To create Awareness among rural people regarding education, health, culture, and various socio-economic campaigns from time to time.
- To motivate and encourage the people who are working in rural areas for their upliftment .
- To work in sync with rural people to understand their issues better.
- To provide them with support as and when needed from the college.

Sustainable rural development is vital to the growth of the economic, social and environmental viability .keeping this in mind our institution took the initiative of making rural people aware about various developmental programs from time to time. As academicians we try to explain them the importance of social, economic, environmental and rural health awareness for their growth.

The context:-

Vivekanand mahavidyalaya is situated in the centre of the city. To take the initiative of rural awareness in itself was big challenge as we desired to cover it 360 degree to our capacity in all the directions, so it was decided to locate various rural region in all the directions and then to demarcate the villages. Hence we located Pirda village in Dharsiwa tehsil which is 13 km north of Raipur district. Secondly our demarcated location was Kugda which is situated in kumhari to the west of Raipur district. Lastly we went to Serikheri village in Dharsiwa Tehsil which is towards east of Raipur. Like this our college increased its accessibility in maximum possible directions.

Understanding rural people, their language, their varied cultures and to make them communicate their issues properly seemed to be big challenge. So some of our faculties who knew local language proved to be of great help. They coordinated with the panch and sarpanch of the villages, so that the main aim of rural awareness can be achieved easily.

The practice

In line with the vision of India's second President Dr. S.RadhaKrishnan our college in its own capacity is trying to contribute to social transformation with our practice of "Aiming Rural Awareness". As rightly pointed out by Dr.RadhaKrishnan education must relate itself to life. So that higher education proves itself to be instrumental in India's cultural, social and economic transformation.

For this purpose being a part of higher education system we as college took step ahead in spreading awareness among rural people about various social cultural and economic issues.

Vivekanand Mahavidyalay in coordination with village panchayats covered following issues:-

- Cleanliness awareness program.
- Nutrition awareness program
- Beti Bachao Beti Padhao.
- Prevention from Dengue
- Prevention from Addiction(Nasha Mukti Abhiyaan)

- Environment Conservation program.

- Covid-19 awareness program.

- Recognition programs:-

- ⌘ Recognizing and appreciating the work of women panch in seri-kheri village

- ⌘ Appreciating and recognising the work of NGO in Pirda Village.

- **Pirda village awareness program**

- ⌘ **Beti Bachao Beti Padhao:-**

Beti Bachao Beti Padhao was launched by the prime minister of India on 22nd January 2015. Our college keeping in view the vision of government of India of transformational shifts in the way our society looks at girl child conducted an awareness program in Pirda village. Importance of education was explained to the girls as well as their parents. Also the parents who were making their girl child study were felicitated. All the staff members went for an awareness drive to their homes to make them personally aware about the importance of education. The girl children were given pen and copy as token of appreciation for continuing their studies further.

- ⌘ **Dengue prevention program:-**

Dengue is a very common disease in India since last two decades. It is wide spread in tropical and sub-tropical regions. Dengue fever is usually caused by the dengue virus transmitted by bite of Aedes Mosquitoes.

Our college in coordination with the gram panchayat spread awareness among villagers regarding dengue prevention. Our institution distributed odorous and other mosquito repellent ointments. Pamphlets banners depicting prevention measures were also pasted in nearby areas. Importance of keeping hygienic environment and avoiding stagnation of water near homes were also explained. Bleaching powder, broom and wiping equipments were distributed to the gram panchayat.

- ⌘ **Covid-19 awareness program :-**

Covid-19 pandemic hit hard to various economics globally. India was no exception. During the first wave so many misconceptions were formed and to digital access fake news augmented the unrest and panic among people. As it was spreading very quickly and reacting differently in different people no standardised treatment can be give. This aggravated the situation more.

In such difficult situation our institution being responsible body initiated to spread awareness and clarify misconceptions among villagers. Following the government guidelines our college distributed masks and hand sanitizers in the villages. Also with the help of banners the symptoms of the disease were explained so that prompt treatment can be given to the patients.

- ⌘ **Swachh Bharat Abhiyaan (Cleanliness Awareness program):-**

The vision of swachh Bharat abhiyaan is in sync with the thought "Cleanliness is next to

godliness". Our college in pursuant of the same view spread awareness among villagers of Pirda. A cleanliness drive was organised by our college in which necessary equipments like Brooms, Bins, Mop clothes, Bleaching powder was given to gram panchayat. For cleanliness drive promotion the college staff along with villagers were mobilised to undertake "Shram Daan" to get the community cleaned and engaged in the task. Open defecation was still prevailing in many villages leading to spread of Infectious diseases. Awareness regarding the same was also given.

☞ **Nasha Mukti abhiyaan:-**

Drug Addiction is a major social evil of modern times it has spread its tentacles among the young and the old and the rich and the poor. Therefore our college took the initiative to spread awareness and community outreach. Also focused on treatment facilities in hospitals. Our faculties distributed pamphlets showing ill effects of addiction. also villages were made aware about how to de-addict from this addiction.

● **Environment Conservation Program:-**

"Paryavaran sarankashan Abhiyaan" advocates to protect our natural environment from deteriorating and the only way to do that is by environmental protection. The bio-physical environment is getting degraded permanently because of over consumption, population, growth and rapid development of technology.

Our college initiated the work of sensitization of villagers regarding environment conservation our college spread awareness through banners, pamphlets and also speaking with the local people. also plants were distributed to give them a start in this direction. Cleanliness, waste management, plantation and environment education were the focus areas.

PIRDA VILLAGE AWARENESS PROGRAM

Seri-Kheri village awareness program:-

Seri-kheri village is located in Raipur tehsil and 10K.M. from Raipur city. This gram panchayat has maximum number of panch posts held by women. Sarpanch post is held by Smt. Neetu chandan and out of 19 panch post 11 posts are held by women So this gram panchayat was the apt example to celebrate and applaud the efforts put in by the women for the progress of the country. Our college on the occasion of “International Women’s day” i,e 8th March 2021 conducted a felicitation ceremony and recognised the work of all women panch.Our college also committed to help the students of sri-kheri in case of any issues regarding the college studies or any kind of help related to education in future.

SERI KHERI VILLAGE AWARENESS PROGRAM

Kugda Village Awareness Program:-

Nutrition awareness has been recognised as an important tool for developing human resources in recent years. Nutritional health in all age groups represents our national economic Asset .Malnutrition is the most serious widespread health problem globally. According to WHO, 462-million peoples are suffering from malnutrition. According to global hunger index 2019 out of 117 countries India stands at 102 and n 2020 India stands at 94th position out of 107 countries.

Keeping in view such a grave situation of nutrition in our country our college initiated a nutrition awareness program in nearby village. Kugda village is situated 17k.M from Raipur city here in association with Aanganvadi -103 our college conducted Nutrition awareness program on 20th January 2020.The president of the program Mrs. Janki Dhruv and the chief guest councillor K.Ravi Kumar discussed about the Importance of nutrition, Specially in new born and toddlers. our college distributed Nutritious food packets in the Aanganvadi centre.

Looking at the overwhelming response our college received in Kugda village we again conducted nutrition awareness program on 17th march 2021. In this program our faculties made children and their parents aware about the importance of Balance diet for proper psychological, physical and social development of the child which i turn will reduce the incidence of mortality, morbidity, malnutrition and school drop outs. our college also facilitated the anganvadi workers for the exceptional work .The chief guest of the program president of Nagar palika , Mr. Rajeshwar Sonkar gave brief description about various programs undertaken by anganvadi.

Kugda Village Awareness Program

Evidence of Success

Awareness programs are qualitative in nature so the success cannot be measured accurately with limited resources. Also such awareness campaigns are effective in generating public interest and educating the community.

Our college has set goals of awareness campaigns. Firstly it was to catch attention of the villagers. Secondly to motivate them to get involved. Our college planned the campaigns in these villages to spread the word about these programs and to explain its significance and to get them involved. Our college measures its success with the increasing number of villagers in the campaign. Also the involvement of the villagers when they were communicating with our faculties and appreciations and accolades, our college received from villagers and gram panchayat was a real measure of success.

Problems encountered and resources required.

The first problem we encountered was resistance from the villagers thinking it to be a political program. Ensuring and convincing them that it is for their benefit was a task. Eventually they understood that it was an academic effort towards social transformation the villagers participated in increasing numbers.

Best Practice-2

Title of the practice “Improvising teaching learning practice/Enhancing teaching learning practice”

Objectives of the practice.

- To enhance the learning process with the help of pictorial tools.
- To focus on certain topics this seems important as per examination.
- To encourage higher level thinking and creativity through new technology.
- To enhance the environment in which students learn.

Context

With the advent of technology significant changes have occurred in the whole education system. Technology has enabled and enriched class room activities with more learner centred approach. Our college also wanted to reap the benefits of technology in education. But at the same time we desired to remain stick to some traditional methods too. So our college keeps on improvising to maintain synchronisation between technology based teaching learning and traditional methods.

Our college has adopted power point presentation method, Video lecture method, which has got a push because of pandemic period. Technology gives easy accessibility to various kinds of study materials so certain topics which have been recently added need to be taken from various sources. At the same time updation if any, in certain topics becomes easy. So our college observing all this advantages and many more keeps on updating itself.

The practice

This practice in our college has been adopted to add to the already existing teaching learning system. Our faculties sort out the topics from their specific subjects which can be better explained with the help of PPT's or videos or some class room activity. Also feedback is taken from students regarding any topic which in their opinion needs to be explained with the help of some digital tools. During pandemic times the accessibility to the faculties have increased because online classes. So even now in special circumstances the faculty help students in explaining and clarifying their doubts after college hours. These digital tools have not only changed the environment of working but also learning. Blended learning which includes both face to face and online learning opportunity gives the flexibility of presenting the study materials to the teachers. Also the pace of learning increases as students can visualise certain topics which are difficult to understand otherwise.

Evidence of success

Digitalise learning allows students to visualize concepts in real world setting in virtual environment. Queries of the students can be answered as the teacher's availability and accessibility increases. New learning environment makes the student more engaged. Also the focus of the students increases as now they can access the reading materials online and can go deeper into the subject t for varied reading.

Also we face certain challenges while applying this practice as network issue in online classes, disturbance at the place from where student is attending the class seems to be the major barriers. Sometimes smart phones were unavailable with the students we are hopeful as any charge will be gradual and acceptance will surely come.

Vivekanand Mahavidyalaya Library

Stock Verification Report 2021

In accordance with the directive given by the principal Sir a committee was formed with the members mentioned below to carry out detailed physical verification of library books.

Members of library stock verification committee:-

| S.No. | Name of Member | Department | Designation |
|-------|---------------------|------------|-------------|
| 1. | Dr. A.K.Jha | Management | H.O.D |
| 2. | Dr.J.Saha | Commerce | H.O.D |
| 3. | Prof. Nishid Parmar | Computer | H.O.D |
| 4. | V.uma | Library | Librarian |

While verification of library stock following discrepancy were observed by members of committee.

- (I) Some of book of the library containing two or three accession numbers.
- (II) Some of the books are present with the same accession number.

Due to above mentioned obstacles it is found difficult to accomplish library stock verification work .

With the comman concern of principal and committee members the decision has been taken that the verification of library stock will be done after removal of above mentioned discrepancy and installation of **Koha Library Software**.
